## A Report on the celebration of National Science Day 2024, 28<sup>th</sup> Feb.

**About the programme:**— National Science Day is celebrated on 28<sup>th</sup> Feb in India to commemorate the discovery of the Raman effect by Indian scientist Dr. C.V. Raman in 1928. The day is observed to acknowledge the importance of scientific contributions and inspire young minds to pursue careers and innovation in science. The theme of National Science Day - 2024 is "Indigenous Technologies for Viresit Bharat". Today, the dept of Mathematics of KJRGGDC celebrated National Science Day in the Geology Seminar Room with the presence of the faculty members of different disciplines and our students. All the teachers shared their valuable insights about the importance of science.

**Programme Objective:**— The main objective of this programme is to promote science and technology and inspire students to pursue a career in the field of science or technology.

**Participant:**— A total of 17 participants including teachers and students were present in this programme.

**Programme outcomes:**— All the students learn about the importance of science and technology in their daily life. Students are encouraged to perform experimental and adopt new technologies. All the students attending this program promised to spread scientific thinking to all levels of the society and participate in various science programs.
