CELEBRATION OF INTERNATIONAL MOTHER LANGUAGE DAY 2022

Organized by,

Students' Welfare Committee

Date: February 23rd, 2022

Time: 12 PM

Venue: Room No. 301

On 21st February 1952 four students were martyred while campaigning for the use of Bengali as their mother language officially in Bangladesh. It was the incident that shook the world. International Mother Language Day was proclaimed by the General Conference of the United Nations Educational, Scientific and Cultural Organization (UNESCO) in November 1999. The idea to celebrate International Mother Language Day was the initiative of Bangladesh. The UN General Assembly welcomed the proclamation of the day in its resolution of 2002. Remembering the significance Students' Welfare Committee of Kabi Jagadram Roy Government General Degree College took the initiative of organizing a programme on 23rd February at 12.00 hrs. After a long gap of COVID Pandemic it was a chance to meet the students in cultural vista. The programme was conducted in room number 301 with a limited attendance of twenty students and almost all the faculty members. Students submitted essay, recited self-composed poems, sang Corus songs. They prepared banners with famous quotation in Bengali. Teachers encouraged them for their performances and some of them also participated in the cultural programme. It was an enchanting experience for both the teachers and students.

Report

In absence of NSS in our college, a one day environmental awareness campaign on Dengue prevention was organized by the Students' Welfare Committee of our college on 01.08.2019 to spread general awareness among the students regarding this epidemic. The programme was conducted by Sri Debraj Das, member of Students' Welfare Committee & Assistant Professor of Economics. He discussed about various stages of growth of Aedes mosquito. He also focused on practical awareness regarding where it can breed; e.g. - in Flower pots, Water coolers, Refrigerators, and Wastages etc. He also explained the symptoms of Dengue Fever, like continuous vomiting, knee pain, stomach pain, head ache, and body pain. The dengue mosquito prefers to bite its prey on the ankles, legs and knees. Treatment measures were also discussed during the awareness session. The awareness campaign disseminated a note of awareness among the forty (40) student participants and endorsed a sensitive health and hygiene related message to the neighborhood with the help of these students. After the awareness session dengue preventive posters, provided by the Primary Health Centre (Mejia Block), were pasted in the different parts of the college building.
