Report

In absence of NSS in our college, a one day environmental awareness campaign on Dengue prevention was organized by the Students' Welfare Committee of our college on 01.08.2019 to spread general awareness among the students regarding this epidemic. The programme was conducted by Sri Debraj Das, member of Students' Welfare Committee & Assistant Professor of Economics. He discussed about various stages of growth of Aedes mosquito. He also focused on practical awareness regarding where it can breed; e.g. - in Flower pots, Water coolers, Refrigerators, and Wastages etc. He also explained the symptoms of Dengue Fever, like continuous vomiting, knee pain, stomach pain, head ache, and body pain. The dengue mosquito prefers to bite its prey on the ankles, legs and knees. Treatment measures were also discussed during the awareness session. The awareness campaign disseminated a note of awareness among the forty (40) student participants and endorsed a sensitive health and hygiene related message to the neighborhood with the help of these students. After the awareness session dengue preventive posters, provided by the Primary Health Centre (Mejia Block), were pasted in the different parts of the college building.
