Summary of the comments and suggestions received from the students:

Many students have mentioned lack of sports facility, internet connectivity, ICT tools facilities in the college campus. Unavailability of canteen services and poor condition of student common room are also matter of concern for them. The students also demanded for special classes for competitive examinations.

Conclusions drawn from the analysis of the feedback received from students:

- Although students are mostly satisfied with the overall ambience of the college, there are some discontents over the basic amenities available in the college campus, like drinking water, toilets, canteen, common room etc.
- Students are largely satisfied with the cultural activities hosted and patronized by the college. But on the other hand, they are not happy with the scope of sports activity and infrastructure related to sports in the college campus.
- Majority of the students are satisfied with the scope of grievance redressal in the college, which might be due to the excellent teacher-student relation in the college. This is also corroborated by their feedback on teacher-student relation.
- Students have expressed their satisfaction over the academic performance of the college. But there are discontents over the library, internet connectivity, and ICT facilities in the college.
