Report of the Seminar

“Career Counselling and Guidance”

Organized by Career Counselling Committee in association with IQAC

Date: 02.01.2025

The seminar aimed to equip students with the necessary skills, knowledge and strategies to enhance their employability and secure successful placements. Day by day traditional job opportunities are shrinking. Students need to update themselves with the modern technologies and act accordingly. Keeping these things in mind a seminar was organized jointly by Career Counselling Committee in association with Internal Quality Assurance Cell of the college. The keynote speaker of the seminar was Mr. Debasish Bhattacharya. He acts as the career counselor for more than last 15 years. The programme started with a wonderful speech by the honourable Officer-in-Charge, Mr. Alope Kumar Das. He discussed the importance of organizing these types of seminars for a college placed in a remote corner like us. After that the convenor of the Career Counselling Committee, Mr. Debraj Das introduced the keynote speaker with the students and pointed out some critical areas where the students need to work on it. Then Mr. Debasish Bhattacharya had given an engrossing lecture touched on different aspects like industry trends and expectations, skills development and training and entrepreneurship and startup opportunities. Specially he pointed out the right path after graduation and also provided detailed information regarding competitive exams. By giving real-life examples and case studies the key note speaker gained the attention of the students. He shared information about free apps for competitive exams and communicative English. He also shared information regarding free training and placement in nearby places in health sector. Then an interactive session was conducted where students cleared their doubts. At the end the key-note speaker took a psychometric test of all the students and evaluated them accordingly. The programme ended with the vote of thanks by the Joint Convenor of the Career Counselling Committee, Dr. Goutam Dey. The seminar was a resounding success where students gained valuable insights into industry trends and expectations.
